

*From the laptop of
Craig Ragland, Executive Director*

Coho/US volunteers and staff are helping more great cohousing stories happen. In 2008, your financial support has made a lot possible:

- \$2,500 grant to help a community create and document a new best practice.
- *Cohousing magazine*: new blogs by Chuck Durrett, Jim Leach, and Diana Leafe Christian.
- New, improved www.cohousing.org – better directory, magazine, classified ads, forums, professional directory, and so much more!
- In Boston, we held the “best-ever” National Cohousing Conference – 2009 is in Seattle!
- Free conference calls with cohousing experts.
- Our first Webinar CD ROM, featuring Katie McCamant, to help finance new projects.
- Free presentations by Coho/US staff & board members at numerous events - including 17 in cohousing community common houses!

At my community, Songaia Cohousing, I'm asking for increased Coho/US financial support. Please, help your community understand the value of Coho/US as we strive to better support cohousing!
