# Pandemic Conflict

Dr. Chris Rodriguez

# Potential Sources of Conflict

---

- ❖ Masks
- ❖ Common space
- ❖ Community meals
- ❖ Community kids
- ❖ Protecting the medically vulnerable

# Masks

---

- ❖ In all common indoor areas
- ❖ When around others and physical distancing (6 feet) can't be maintained
  - *Outside OR inside*
- ❖ New Mask Mandate in Colorado
  - ❖ "When entering or moving within any public indoor space"
- ❖ Any mask makers among us?
- ❖ Must cover **mouth AND nose**
- ❖ We may not all be on the same page about this
- ❖ Where do you get your news?  
Guidance can be varied, and so are opinions

# Common Indoor Spaces

---

- ❖ Indoor areas we *all* may use

- ❖ Close them altogether?
- ❖ Reduce # of occupants at any given time, maintain physical distance?
- ❖ Just wear a mask?
- ❖ Thorough and frequent cleaning?

- ❖ Indoor spaces only *some* may use, e.g. exercise room, guest rooms

- ❖ Close them altogether?
- ❖ One household at a time, no more than 2 users at a time, etc.?
- ❖ Wear a mask while working out?
- ❖ Increase ventilation?
- ❖ More frequent and strict cleaning?

# Community Meals

---

- ❖ Full stop!
- ❖ Partial stop?
  - ❖ Outdoor meals only, potlucks, BBQ's
  - ❖ Use of a serving line, one household at a time
  - ❖ Spread out tables/chairs for distancing
  - ❖ Masks when not actually eating
  - ❖ Strict cleaning measures

# Kid Play

---

- ❖ Kids wear masks
- ❖ No close-up play, outdoors only
- ❖ Bicycling, ball play, hide and seek are least risky
- ❖ Playgrounds?

Casa Verde kids playing with their stuffies in masks outside, different households spaced apart

# Protecting the medically vulnerable

---

- ❖ The conflict lies in the risk, and who is taking it
  - ❖ Young without risk factors? I'll take the risk....
  - ❖ Not young yet no risk factors? Maybe not worth the risk...
  - ❖ But, what if I bring it in to the community??
