Cohousing Now!

CohoUS and the Future

In 2020 five million millennials will turn 30 and different than earlier generations, they are just now entering the life phase of home buying. So what does that mean to cohousing? Well...we don't really know. What we believe is that the more people that know about cohousing, the more people will want it, and the more people that want it, the more will be inspired to create it.

So prepare your elevator speech, your power statement, your story ... and TELL THE WORLD!

Would you like on-line attendees to learn of your forming community's existence? Would you like communities local to your area to know of your professional service offered? Would you like to be known as the Premier Sponsor of the Simple Series 2020?

Contact karincohous@gmail.com if interested in sponsorship of the Simple Series 2020.
