### The Heart of Community online conference May 30 10am - 4pm MDT

If ever there was a time to lean into our shared humanity, this is it. There is an African proverb that says “if you want to go fast, go alone. If you want to go far, go together.” Together, we can forge and strengthen connection and community in spite of our differences.

Join us for The Heart of Community on line conference including sessions on communication, conflict, relationships, connection, consensus and dynamic governance

### Cohousing Continues Forward!

Even with the uncertainties related to

the Coronavirus and it's long term impacts, many forming communities are forging ahead. Though it requires creativity to attract new members virtually and ingenuity when seeking finances, people are seeing more clearly the need to create community.

CohoUS is happy to help your forming community grow your membership through the Community Launch program. [Click Here](#) for more information.
