

This is what's happening in Cohousing Now!

Partnerships!!!

INTRODUCING the Individual Partnership!

CohoUS works a lot with communities, and we know that communities are made up of individual people. If you are member of a community, we hope your whole community will take advantage of our Community Launch or Community Partnership programs. If you aren't, or if you can't convince your community to invest in this great service as a group (silly community!), we still want to make it easy for you to partner with us and learn lots about cohousing and how to do cohousing well. We've created our [Individual Partnership Program](#) just for you.

Are you in a forming community? Check out what our [Community Launch Program](#) can offer to support you!

Are you in an established community? Join us in our [Community Partnership Program](#), together we can thrive in community!

We are so grateful to all of our Evergreen Neighbors who contribute monthly to keep CohoUS serving our community of communities. If you aren't already an Evergreen Neighbor, please consider making a small (or large) monthly contribution. It's easy, just sign up once and your support of cohousing continues effortlessly.
