Registrations Now Open "Cohousing Over Time"

The first generation of cohousing in the US led the way for everyone. Now these communities are finding their way through new challenges. This event looks at the challenges of communities past their first decade, from aging

buildings to aging members, working with what we have, integrating newcomers, and building on years of well-earned wisdom. Younger communities are encouraged to join us for a look ahead, it's always great to know what's coming.

CohoUS Partner Programs

There is a wonderful synergy in our partner programs. They provide the ongoing annual support that allows CohoUS to provide much needed services for the broad cohousing community. Each partner pays an annual fee in exchange for all the support we can provide, from marketing help to cohousing education and networking. Just as members come together for form cohousing communities, cohousing communities come together to form a nationwide network of support for all aspects of cohousing. The world needs all of us to create all the community we can!

What is a CohoUS Evergreen Neighbor?

An Evergreen Neighbor is a generous and resourceful individual who is making the world a better place through cohousing and provides monthly support to CohoUS. Participating as an Evergreen Neighbor strengthens our roots as we branch out in new directions!
